Our District first had a public hearing of our draft plan on June 10, 2019 and then presented the plan for adoption by the Board of Trustees on June 13, 2019.

This LCAP reflects the requirements of new law (AB 97 and SB 97, 2013) related to the development of a three-year local control and accountability plan (LCAP) by July 1, 2018, and an update of the LCAP on or before July 1 of each subsequent year. The policy addresses the importance of comprehensive planning, optional local priorities to add to the state priorities specified in law, requirement for consultation with specified groups on plan development, board adoption of LCAP, submission of the approved LCAP to the county superintendent, the board's role in monitoring district progress, and circumstances under which the district may receive technical assistance or intervention to improve student outcomes.

8.3 Resolution #2019-07 Establishing Fund Balance Policies as Requires by GASB 54

RECOMMENDATION: It is recommended that the Board of Trustees consider taking action to adopt Board Resolution #2019-07 Establishing Fund Balance Policies as Required by GASB 54.

BACKGROUND: The Fund Balance Policy is intended to provide guidelines during the preparation and execution of the annual budget to ensure that sufficient reserves are maintained for unanticipated expenditures or revenue shortfalls. It also is intended to preserve flexibility throughout the fiscal year to make adjustments in funding for programs approved in connection with the annual budget. The Fund Balance Policy should be established based upon a long-term perspective recognizing that stated thresholds are considered minimum balances. The main objective of establishing and maintaining a Fund Balance Policy is for the district to be in a strong fiscal position that will allow for better position to weather negative economic trends.

8.4 Resolution #2019-08 Budget Revisions and Closing

RECOMMEDATION: It is recommended that the Board of Trustees adopt Resolution #2019-08 to allow for the necessary 2018-19 year end balancing budget adjustments.

BACKGROUND: At the close of each fiscal year, a resolution for authorization of year-end budget transfers/revisions for Board approval is submitted. Education Code Sections 42601 and 42602 permit the Governing Board to adopt a resolution authorizing the County Superintendent of Schools to make budget transfers and revisions necessary to complete the fiscal year-end closing process. To ensure the integrity of the board approved operating budget, year-end budget transfers and revisions are limited to major object classifications between the reserve for economic uncertainties and the appropriate revenue and expenditure account classifications. The District will direct the County Superintendent of Schools and prepare the appropriate transfers needed for the year-end fiscal closing. Additionally, all transactions will be reflected in the 2018-2019 Unaudited Actuals that will be provided to the Board in September, 2019.
